

# HELPING HANDS FAMILY UGANDA

Welcome to our first newsletter in 2011 Edition VIII on behalf of the entire Family of Helping Hands Uganda, I convey warm greetings to you all in the name of the Lord.

I thank the Lord who brought us through 2010 successfully. We thank all our donors & sponsors well wishers inclusive, for the generous support and efforts towards vulnerable Ugandan families.

Three of our best scholars

It was a great challenge in 2010 that we had no hope of funding MercyOrphanageHome children who were promoted to primary seven class. However due to the existence of H.H.F whose vision is to comfort and educate the abandoned and orphaned children, it therefore gave a hand in supporting these children academically. We are so thankful to the Lord that they all passed successfully, whereby some of them appeared in the newspaper! This is a great achievement to both children and H.H.F.

As far as the standards of living are concerned, it has been noticed that many people in Uganda are dying of curable diseases and chronicle diseases like HIV. However since HHF is interested in vulnerable individuals, it has been able to provide Teopista who is on ARV's , Vitamins and food which help in boosting her immunity system.

Teopista who's life was saved

Otherwise, Teopista as seen in the photo left is in good health. On the other hand, special thanks go to our President Christine for all the campaigns she does or arranges on behalf of all the vulnerable people under H.H.F in Uganda. Like I said our vision is to comfort the orphaned we provide food weekly to MOH and before they were not able to have a balanced diet as it is now.

And this year 2011 the HHF is hoping to provide seeds to M.O.H for planting more vegetables and fruits in an attempt to help them in boosting balanced diet to all the children.

Therefore, the HHF Community in Uganda thanks and prays for all its supporters, donors, friends, and well wishers for their endless efforts and support for the cause of vulnerable individuals in Uganda.

As the representatives of Helping Hands Family in Uganda with much honor I salute the president and the family in Austria for the constructive ideas.

May God Bless you.

Kind regards

Alice Kisakye
